

Hi there,

Congratulations. You won \$19 **Text to MP3 Converter!**

[Text to MP3 Converter](#)

Easily convert any text to speech. Perfect for e-learning, presentations, YouTube videos and increasing the accessibility. You can convert from text to speech and save it as audio file in a few clicks. The text can be exported as MP3 and WAV file. This program uses the preinstalled Microsoft SAPI Text-to-Speech (TTS) engine for generating voice.

Please follow the steps below to enjoy this amazing software for free.

Step 1. Download the setup file and install it on your PC.
